

Dehydrated Red Onion

Premium Dehydrated Red Onion Supplier & Exporter from India

Dehydrated Red Onion is a convenient and versatile food ingredient designed for commercial food preparation and food manufacturing applications. Available in multiple forms—including **flakes, chopped 3–5 mm, minced 1–3 mm, granules 0.5–1 mm, and powder 80–100 mesh**—it provides buyers with flexibility for different recipes, formulations, and processing requirements.

Sourced from India, our dehydrated red onion range is suitable for applications across **soups, sauces, seasonings, ready-to-eat meals, snacks, curries, chutneys, kebabs, and other food preparations**.

For international buyers looking for a convenient alternative to fresh onions, dehydrated red onion offers easier handling, storage, and incorporation into a wide range of food applications.

Dehydrated Red Onion for B2B Food Applications

Fresh onions can require preparation, cutting, handling, and storage before they are ready for use. Dehydrated red onion provides a convenient ingredient format that can be incorporated into food preparation and manufacturing processes with less preparation.

Our range is available in different particle sizes and forms to suit different applications—from larger **flakes and chopped pieces** to finer **minced, granulated, and powder formats**.

This makes dehydrated red onion a practical ingredient for:

- Food manufacturers
- Seasoning and spice-blend manufacturers
- Soup and sauce manufacturers
- Snack manufacturers
- Ready-to-eat food manufacturers
- Food-service businesses
- Commercial kitchens
- Importers and distributors

Available Dehydrated Red Onion Forms

Choose the form according to your application, processing requirements, and desired particle size.

Product Form	Size / Specification	Typical Applications
Dehydrated Red Onion Flakes	Flakes	Soups, sauces, salads, pizzas, burgers, seasoning and food preparations

Product Form	Size / Specification	Typical Applications
Dehydrated Red Onion Chopped	3–5 mm	Cooking, food preparation and commercial food formulations
Dehydrated Red Onion Minced	1–3 mm	Seasonings, marinades and food formulations
Dehydrated Red Onion Granules	0.5–1 mm	Soups, sauces, seasoning and food preparations
Dehydrated Red Onion Powder	80–100 Mesh	Soups, curries, kebabs, chutneys, snacks, seasonings and food mixes

The particle sizes and powder mesh specification above are based on the supplied product catalogue.

Dehydrated Red Onion Flakes

Our **Dehydrated Red Onion Flakes** offer a convenient way to incorporate red onion flavour into a variety of food preparations.

The flakes can be used in **soups, sauces, salads, pizzas, burgers, seasoning applications, and other food preparations**. Their convenient dehydrated form makes them suitable for kitchens and food businesses looking for an easy-to-handle onion ingredient.

Flakes Specifications

Parameter	Details
Ingredient	Dehydrated Red Onion
Form	Flakes
Packing Sizes	10 kg, 12 kg, 14 kg
Packaging	Laminated Paper Bag and Box
Shelf Life	12 Months
Country of Origin	India

Dehydrated Red Onion Chopped 3–5 mm

Dehydrated Red Onion Chopped 3–5 mm provides a convenient chopped format for food preparation and commercial applications.

The defined 3–5 mm size makes it suitable where a visible onion particle is preferred over finer minced or powdered formats.

Chopped Red Onion Specifications

Parameter	Details
Ingredient	Dehydrated Red Onion
Form	Chopped
Size	3–5 mm
Packing Sizes	10 kg, 20 kg, 25 kg
Packaging	Laminated Paper Bag and Box
Shelf Life	12 Months
Country of Origin	India

Dehydrated Red Onion Minced 1–3 mm

Dehydrated Red Onion Minced 1–3 mm provides a smaller particle size for applications where a finer onion texture is preferred.

Its convenient dehydrated format can be incorporated into **stir-fries, marinades, seasonings, and a variety of food preparations**, making it suitable for both commercial kitchens and food formulations.

Minced Red Onion Specifications

Parameter	Details
Ingredient	Dehydrated Red Onion
Form	Minced
Size	1–3 mm
Packing Sizes	10 kg, 20 kg, 25 kg
Packaging	Laminated Paper Bag and Box
Shelf Life	12 Months
Country of Origin	India

Dehydrated Red Onion Granules 0.5–1 mm

Dehydrated Red Onion Granules 0.5–1 mm provide a fine granulated format for applications requiring smaller onion particles.

The product can be used in **soups, sauces, marinara-style preparations, sautéed vegetables, seasoning applications, and other food preparations**.

Granules Specifications

Parameter	Details
Ingredient	Dehydrated Red Onion
Form	Granules
Size	0.5–1 mm
Packing Sizes	10 kg, 20 kg, 25 kg
Packaging	Laminated Paper Bag and Box
Shelf Life	12 Months
Country of Origin	India

Dehydrated Red Onion Powder 80–100 Mesh

Dehydrated Red Onion Powder 80–100 Mesh is a finely ground onion ingredient designed for applications where a powder format is preferred.

It can be incorporated into **soups, curries, kebabs, chutneys, snacks, South Indian preparations, seasonings, sauces, and other food formulations.**

Red Onion Powder Specifications

Parameter	Details
Ingredient	Dehydrated Red Onion
Form	Powder
Mesh Size	80–100 Mesh
Packing Sizes	10 kg, 20 kg, 25 kg
Packaging	Laminated Paper Bag and Box
Shelf Life	12 Months
Country of Origin	India

How to Use Dehydrated Red Onion

The appropriate usage method depends on the form and the food application.

Flakes & Chopped

Can be incorporated into soups, sauces, cooked dishes, seasoning applications, and other food preparations.

Minced & Granules

Can be added to marinades, soups, sauces, seasonings, prepared foods, and commercial food formulations.

Powder

Can be blended directly into seasonings, soups, sauces, curries, snacks, chutneys, kebab preparations, and other food formulations.

For industrial applications, the required quantity and processing method can vary according to the product formulation and desired flavour and texture.

Applications of Dehydrated Red Onion

Dehydrated red onion can be used across a broad range of food applications.

Food Manufacturing

Suitable for incorporating onion flavour into commercial food formulations.

Soups & Sauces

Flakes, granules and powder can be used in soup and sauce preparations.

Seasoning & Spice Blends

Fine formats such as minced, granules and powder can be incorporated into seasoning blends and spice formulations.

Snacks

Red onion powder can be used in snack seasoning applications.

Ready-to-Eat & Ready-to-Cook Foods

Dehydrated onion formats can be incorporated into prepared food products.

Restaurants & Food Service

A convenient ingredient format for commercial kitchens and food-service applications.

Indian Food Preparations

Red onion powder can be used in curries, chutneys, kebabs and other Indian culinary applications.

Why Choose Dehydrated Red Onion?

Dehydrated red onion offers several practical advantages for commercial food applications:

- Convenient handling compared with fresh onion preparation
 - Easier storage and ingredient management
 - Multiple particle sizes for different applications
 - Available in flakes, chopped, minced, granules and powder
 - Suitable for a wide range of food preparations
 - Convenient for commercial kitchens and food manufacturers
 - Available in bulk-oriented packing sizes
 - Origin: India
-

Choose the Right Red Onion Form for Your Application

Different food applications can require different particle sizes.

Choose Flakes when a larger onion piece is preferred.

Choose Chopped 3–5 mm when a defined chopped particle is required.

Choose Minced 1–3 mm when a smaller onion particle is preferred.

Choose Granules 0.5–1 mm when a fine granulated format is suitable.

Choose Powder 80–100 Mesh when a finely ground onion ingredient is required for seasonings, sauces, soups, curries and food formulations.

Packaging & Shelf Life

Our dehydrated red onion products are available in **laminated paper bag and box packaging**.

Available packing varies by product form:

- **Flakes:** 10 kg, 12 kg, 14 kg
- **Chopped:** 10 kg, 20 kg, 25 kg
- **Minced:** 10 kg, 20 kg, 25 kg
- **Granules:** 10 kg, 20 kg, 25 kg

- **Powder:** 10 kg, 20 kg, 25 kg

The stated shelf life for the products in the supplied catalogue is **12 months**.
